

Homeworks

Dear Students

Homework #1 is posted. It is due Tuesday, September 14 (1:00 PM). The material needed to solve the problems is in section 1.4 so read it and try solving problems. We have finished discussing this section in class

Homeworks should be uploaded to drop boxes that will be created throughout the semester. Homeworks are individual effort. It is OK to form study group or discuss the problems with others however, **when you write your solutions, you need to be by yourself**. Any sign of plagiarism would result in an F in course. Do NOT embarrass yourself.

On your HW, you MUST write the following items ONLY

- Full name
- Course Number (EE450)
- Homework # (in this case HW #1)

And that is it. Do NOT write your ID, Phone number, e-mail, Address (unless you want to invite me to a home cooked meal!!!!!!). These rules apply to all HWs and Labs. I do NOT want to keep repeating them!!

Hope you all have a wonderful long weekend. Make it productive.

I will see you all Tuesday. Stay safe and healthy

Homework #1, due Tuesday, September 14 (Noon).

Read Sections 1,.2, 1.3 and especially 1.4, 1.5

Problems:

P4, P5, P6, P7, P10, P12, P20, P21, P25 and P28

Stay safe and healthy
